VIEWING MY ACTIVE PRODUCTS

The Active products will display information for those products that you are currently and actively using. Like the Products Library page, it will display the Product Name, Category, Manufacturer, Evaluation Results, etc. On this page, you can also see the products in your Supply Chain.

To view your **Active Products**:

- Go to **Active Products** tab at the left side the CleanChain page to preview your active products.

You may filter your products by searching specific keywords on the search bar.

To View the **history** of a Product:

- Go to **Active Products** page
- Under the column **More**,

click **i** **View history** and you will be redirected to another page where the history of the product will be displayed.

You may also answer **specific questions** that Brands may have asked you about products, for example, "Do you have an SDS on file?":

- Go to **Active Products** page
- Under the column **More**, click

+ **Add/Edit Questionnaire** and you will be redirected to another page where you can edit your questionnaire with your supplier.
